AN AMERICAN QUARTERLY REVIEW

HAMILTON FISH ARMSTRONG  
EDITOR

58 EAST SIXTY-EIGHTH STREET  
NEW YORK 21, N. Y.

CABLE ADDRESS: FORAFFAIRS, NEW YORK

June 30, 1954

Honorable Allen W. Dulles  
Box 1513, Main Post Office  
Washington, D.C.

Dear Allen:

As you will remember, we began in September 1952 to reprint a series of Foreign Affairs articles under the general title Let's Talk About. This project was undertaken by means of a grant from The Fund for Adult Education in order to provide material for the use of adult discussion groups throughout the country.

Let's Talk About is published nine times a year, from September through May. The first issue was mailed in September 1952 to 3,050 individuals in 78 discussion groups. At the end of its second year, Let's Talk About was being used by 28,653 readers in 1,243 discussion groups in 829 communities in the United States and 19 foreign countries. Although Byron Dexter and others on the staff of Foreign Affairs undertook this project knowing nothing about adult education, Let's Talk About is widely considered to be the best discussion material in the country today. Furthermore, it operates on a very low budget of \$45,000 annually.

The enclosed mimeographed sheets contain all of the unsolicited comments written on the reservation cards so far received for the 1954-55 season. As of today we have accepted orders for 24,602 individuals in 1,013 groups. Our capacity for next season will be 40,000 readers and we expect to have a waiting list before the first issue goes to press in August.

I thought you would like to have this brief account of one of the successful by-products of Foreign Affairs.

Yours sincerely,

*Haun*
